

IN THE CLAIMS:

Please **amend claim 78** to read as follows:

B' 78. (Amended) A method for the prophylaxis or treatment of cancer, comprising administering to a patient a single chain multiple binding molecule as claimed in claim 1.

Please add the following new claims:

83. A nucleic acid coding for the single-chain multi antigen-binding molecule according to claim 1.

84. A vector comprising the nucleic acid according to claim 83.

B² 85. A pharmaceutical composition comprising the vector according to claim 84.

86. A method of using the vector according to claim 84 for the treatment of disease, comprising administering said vector to a patient locally, into a body cavity, into an organ, into the circulatory system, subcutaneously or intramuscularly.

Please cancel claims 19-22, 24, 30-52, 54-71, 73-77, and 79-82 without prejudice.
